MARCUS J. THORNE

Cloud Architect & DevOps / SRE Specialist

marcus.thorne.cloud@email.com • (555) 345-6789 • Denver, CO • github.com/marcusthorne • linkedin.com/in/marcusthorne

PROFESSIONAL SUMMARY

Cloud and infrastructure engineer with 6+ years designing resilient multi-cloud architectures, automated CI/CD pipelines, and zero-downtime Kubernetes deployments across AWS and Azure environments. Experienced in managing SRE observability and cost reduction initiatives.

TECHNICAL COMPETENCIES

Cloud Platforms: AWS (EKS, VPC, IAM, RDS, S3, CloudFront), Microsoft Azure, Google Cloud
Infrastructure as Code: Terraform, Terragrunt, Ansible, CloudFormation, Helm
Container & CI/CD: Docker, Kubernetes, GitHub Actions, GitLab CI, ArgoCD, Flux
Observability: Prometheus, Grafana, Datadog, ELK Stack, OpenTelemetry

PROFESSIONAL EXPERIENCE

Senior Cloud DevOps Engineer | Stratus Scale Technologies *2022 – Present | Denver, CO*

- Architected multi-region AWS EKS Kubernetes clusters hosting 80+ microservices with 99.99% service availability.
- Migrated legacy manual infrastructure to modular Terraform configurations with automated pull-request validation.
- Engineered GitOps delivery workflow using ArgoCD and Helm, slashing mean deployment duration from 45 mins to under 4 mins.
- Implemented AWS Savings Plans and container resource right-sizing, driving 32% annual cloud infrastructure cost savings.

Cloud Support & Systems Engineer | Alpine Data Networks *2019 – 2022 | Boulder, CO*

- Maintained automated configuration management across 350+ Ubuntu and RHEL virtual servers using Ansible.
- Configured Prometheus alerts and Grafana dashboards for proactive memory leak and network latency detection.

KEY TECHNICAL PROJECTS

Zero-Trust Multi-Cluster Ingress Mesh (Kubernetes, Istio, Terraform, AWS) *github.com/sample/zero-trust-mesh*

- Configured mTLS encryption and granular authorization policies across segregated internal Kubernetes namespaces.

EDUCATION & CERTIFICATIONS

B.S. in Computer Engineering — Colorado State University *2019*
Certified Kubernetes Administrator (CKA) — Linux Foundation *Active*
AWS Certified DevOps Engineer – Professional — Amazon Web Services *Active*
